Nibs and penholders

If you've heard of the Japanese nibs, it's probably because of us. We were one of the first stores in the country to bring them in & heavily promote the use of these amazing drawing nibs. They are some of the best drawing nibs ever made. These aren't just for professional comics artists -- calligraphers and other artists love them, too. Lay beautiful, professional lines and enjoy the pleasure and control offered by these handmade Japanese nibs. An excellent, inexpensive Tachikawa fountain pen also available, for fine detail work.

In addition to these we carry an entire "wall of nibs" including Mitchell, Hiro, Speedball (Hunt) & Brause, as well as many antique & difficult to find nibs.

COPIC

Wet Paint carries the largest hands-on supply of the best refillable, professional art marker available. We carry the entire line of Sketch Markers & every refill ink. There's a reason people love these markers: an extraordinary range of color and interchangeable and replaceable nibs, including the **Super Brush** nib. The full assortment of Copic pigment liners and brush pens also available, including the new refillable **SP pigment liner**. Airbrush system for markers also on hand. Stop by the store and try them out before you buy!

Pencils & General Supplies

Pencils for every inclination: we carry Derwent, Faber-Castell and Cretacolor, among others. Every studio need as well, including erasers, artist tape, lettering guides, t-squares & triangles, and drawing tables.

coda, Isabey, Raphael, Silver and Winsor & Newton, to name a few. Unique brushes for a variety of effects, like dagger strippers and a flock of sumi-e brushes.

Brush Pens We probably have largest collection of brush pens that you're likely to ever encounter. From disposable brush pens to high end pens by Kuretake & Kaimei, we have them all.

Pens & Markers Literally hundreds of pens and markers to choose from, including great pigment liners from Sakura, Staedtler, Copic & many, many more.
